Mrs. D. H. Carpenter, of Catlettsburg, was visiting in Louisa this week.

Mr. G. V. Gunnell arrived home Saturday from his visit to relatives in Virginia.

Messrs. John L. Hibbard and John Wallace, of Peach Orchard, were here Tuesday.

Mr. F. T. D. Wallace was quite sick for several days last week, but is again able to be out.

Go to the post-office for anything in the jewelry line. Watch and clock repairing a specialty.

Three small children of Mrs. Holby's died here last week, of pneumonia, and other members of the family are sick.

Mr. G. R. B. Chapman has purchased from Mrs. Jennie Frank property on Main Cross street, and will soon remove into it.

The protracted meeting is still being carried on with good results. Several conversions have been realized within the past few days.

Mr. and Mrs. Alexander Lackey arrived home yesterday, after having taken an extended bridal tour to Washington and other Eastern cities.

Died, a few miles from this place in last Saturday, Daniel Casey, aged nearly ninety years. He was one of the oldest Free Masons of this section. The weather was so disagreeable that the lodge at this place, of which he was a member, could not attend his burial, and they have appointed a day in April to go to his grave and perform ceremonies in honor of him.

**Louisa Academy**  
Has increased in numbers every week since the first, and still there is room for more. Students can enter at any time. Boarding at \$2.00 and \$2.50 a week. Principal, W. R. Barton, Assistant, Miss Sadie Kirkpatrick. Practical Penmanship, Lettering, Designing, Ornamental and automatic writing by W. S. Burris.

This is the season of the year when a man who has no home should be looking for one.

Now why can a man pay rent, when he can buy a good home on easy payments, and thus secure to himself in his old age, and the children who come after him, a refuge, free from the land for and the poorhouse. I have a hundred acres of land in Lawrence county, divided into farms with houses built on them, which I am selling at from two dollars and a half and acre up. Some of these places are well improved, cleared, with orchards now bearing. Do not pass longer than you can buy a home of your own. M. S. Evans, Ky.

Farmers who are in need of Plows, Plow Points, Mould Boards, or any kind of Farming Implements, it will pay you to examine our line. HUGHES & RATCLIFF.

For the benefit of those of our readers who do not have access to daily papers we give on our first page this week a full account of the inauguration of President Harrison, with appropriate illustrations.

## Wanted.

A large amount of HICKORY for axe handles. For quality and prices apply to THE SNYDER & THOMAS MFG CO.

Dr. J. C. Bussey returned home Saturday from Cincinnati, having graduated from the Ohio Medical College. He has decided to locate here, and will soon open an office over E. Norris & Co.'s grocery store.

A sad affair occurred on White's creek, about 17 miles below this place, last week. Two brothers, in their "teens", became involved in a difficulty over the fact of one of them whipping a sister, and one of the boys shot the other. The murderer has been captured and is in jail at Catlettsburg. The wounded boy died the day following the shooting.

All who want the Louisa post-office, hold up your hands.

Oh, my! Is that all? Just look! they're all left hands except one. But that's perfectly natural—they can't all get there. Wonder who that right one belongs to? It's "awful" black. Spoke that indicates the intensity of his Republicanism and means that the blackest Radical will get there. It's amusing, anyhow.

**AN ELEGANT SUBSTITUTE.**  
For oils, salts, pills, and all kinds of bitter, nauseous medicines, is the very agreeable liquid fruit remedy. Syrup of Figs. Recommended by leading Physicians. Manufactured only by the California Fig Syrup Company. For sale in 50c and \$1.00 bottles.

Mr. B. F. Thomas has purchased one-third interest in Snyder Bros' handle manufactory, and the name of the firm now is "The Snyder & Thomas Mfg Co." Their articles of incorporation are published in the News this week. The firm is composed of three most energetic and enterprising citizens, and we wish them much success, and feel sure they will attain it. Three new handle lathe will soon be put in operation. They have a large number of orders to fill.

**Consumption Shrewly Cured.**  
To the Editor:—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully, T. A. SLOCUM, M. C. 181 Pearl St., New York

If some person of persons should want to lease or buy land enough in the vicinity of Louisa on which to place saw or planing mills, or other enterprises, how many of our citizens who own suitably situated land would be willing to let them have it at a reasonable price? It is to be feared that none of them have the interests of the town and community enough at heart to give any such encouragement to industries which alone can build up a town. The chances are, judging from past experience, that upon prospect of the establishment of some industry, prices of land would immediately be jumped up. It is to be hoped, however, that such will never again be the case.

**A CHILD KILLED.**  
Another child killed by the use of opium given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no opium. Sold by W. T. Evans.

EDMONDS BRANCH.

Uncle Daniel Casey, one of the oldest, best and most respected citizens of Lawrence county, departed this life on the 9th inst. He was more than 88 years old, had been a just and upright citizen all his life. His death has cast a mantle of mourning around many a heartstone in this locality. He leaves a wife and other relatives to mourn their loss.

**COUNTRY GREENHORN.**  
A THOROUGH ADVERTISER.  
It is the complaint of the distressed to feel that one's physical energies are falling in the prime of life—to feel more nervous, more dispirited, weaker every day. Yet this is the unhappy lot of hundreds who surround us. A source of renewed strength which science approves, in behalf of which multitudes of the debilitated have and are every day testifying, and which, in countless instances, has built up constitutions sapped by weakness and infirmity and long unobeyed by other means, is the remedy known to all who need a tonic. Hostetter's Stomach Bitters is such a medicine—pure, potent, nothing to the nerves, promoter of digestion and a fortifier of the blood. Dyspepsia and nervousness—the first cause of the second—consequently of all the stamens—depart when a course of the Bitters is tried. All forms of malnutrition, rheumatism, indigestion and blood troubles, constipation, and all other ailments arising from this standard family medicine.

We mentioned last week the death of Mrs. McClellan, of Sedalia, Mo. She was a sister of Messrs. Geo. W., John W. and H. W. Castle, all of this section; was reared in Johnson county, and removed to Missouri with her parents several years ago. We take the following account of her death from the Sedalia Bazaar, of March 1st:

"The entire community was shocked to-day when it was announced that Mrs. Sadie F. McClellan, wife of Mr. E. E. McClellan, the well-known book-seller, had departed this life at about 3:30 o'clock this morning. Mrs. McClellan was one of the best known ladies in Central Missouri and her friends were many. She was formerly Miss Castle of this County, and was married to Mr. E. E. McClellan nine years ago last November, and has since resided here. Her death was due to pulmonary fever, and she left one child, a wee babe, only a week old.

Her death was a serene one and her dying testimony was a sublime beautiful with the faith of the immortal life beyond the stars. In the most minute particular she conveyed her wishes to those about her, and even while the dew of death gathered upon her brow and film of mortality veiled her eyes, she still showed a self sacrifice and love for the relatives and friends who watched beside her.

She was a consistent member of the Congregational church and worked untiringly in the cause of the Master whenever he saw an opportunity for such work.

She leaves beside her child, a devoted husband, mother and five brothers, beside other relatives, to mourn her loss.

A special song service will be rendered by the choir, of which Mrs. McClellan was a member."

From the account of the funeral services by the same paper we gather that the services were made very beautiful and impressive by the numerous floral tributes of her many friends, the appropriate and specially arranged music, etc. The church at which the services were held would not accommodate more than half those desiring to be present, and the funeral cottage was one of the largest ever seen in the city. The relatives have the sympathy of our people.

**GUARD AGAINST THE STRIKE.**  
And always have a bottle of Acker's English Remedy in the house. You cannot tell how soon a cold may strike your little one, or a cold or cough may fasten itself upon you. One dose is a preventative and a few doses a positive cure. All Throat and Lung troubles yield to its treatment. A sample bottle is given you free and the remedy guaranteed by W. T. Evans, Druggist.

PLEASANT RIDGE, KY.

Frank Clarkson has returned home.

Mrs. George Caines, of West Va., has been visiting friends at this place.

Mrs. Cuzzie Carter is quite sick. Miss Jennie Carter is visiting her sister Mrs. W. Burton, of Emma, Ky.

Miss Cuzzie Meek has been visiting Miss Annie Ratcliff, of Busseyville.

Miss Adda Hawes is visiting friends at Prosperity, Ky.

Archie Clarkson made a flying trip to Busseyville a short time ago. George Clarkson is making quite an improvement on Jepp Meek's farm.

**ADVERTISING.**

It is a pity that people will use common ordinary pills when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all their troubles. They are small, sweet, easily taken and do not gripe. W. T. Evans, Druggist.

WEIR CITY, KAN.

Mr. Editor:—Not deeming it necessary to keep still any longer, and thinking a few lines from this smoky little city would not be amiss to the many readers of the News, which is hailed with pleasure on each Sunday eve at this place.

I came to this place July last, and found a busy little city of 2,700 inhabitants, mostly foreigners.

Almost every State is represented, with Kentucky somewhat in the lead. Jos. Hatton, a Lawrence County man, is our City Marshal. J. W. Herron, formerly a Carter County farmer, is our Representative, and is giving general satisfaction. C. W. Witnam, also a Carter County boy, is a prominent dealer in hardware.

Thus you see Old Kentucky is not behind.

As I don't care about living in a place where winds never cease until a white man is made believe he is a Mexican by right, I will have to pull a little further North.

Mining and prize fighting is the chief occupation of the people, and as the mines are not running more than one-fourth the time, the latter is carried on with good results.

As to political affairs everything is strictly Republican, and I would not advise an honest Democrat to spring an argument concerning his

rights. We have two railway lines, the Fort Scott & Gulf and the St. Louis & San Francisco. This gives us an outlet East, West, North and South. About 18 miles South the traveler would find himself in the Indian Territory, so you see that an occasional visit from the Red man is not noticed.

Two weeklies comprise the literature of the town, one Democratic and the other Republican, and the way they pull together would tickle a Lawrence county Prohibitionist.

What has become of the correspondents from Blair, Cherokee, and Brushy. Think they ought to give the news from their respective places to their worthy paper, and by so doing it will be read by more than one Kentuckian in this place. The new letters from Irish Creek, Derfield, Webbville, etc., are read with great pleasure. Now in conclusion I am persuaded to ask W. S., of Blaine, W. W. F. of Cherokee, M. S., of Martha, T. A. M., of Brushy, T. C. B., of Prosperity, A. L. M., of Little Blaine, and others to send in their manuscripts.

BLAINEITE.  
[The above was crowded out last week]—Ed.

**Don't Experiment.**  
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always settles, at first, only in colds. Do not permit your doctor to give you with a cheap imitation of Dr. King's New Discovery for consumption, coughs and colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. That bottle free W. T. Evans' drug store.

**Advice to Mothers.**  
Mrs. Wrenlow's Sooty Baby should always be used when children are cutting teeth. It relieves the child of all the troubles which attend the eruption of the teeth. It is very pleasant to take. It soothes the child, softens the gums, relieves pain, regulates the bowels, and is the best known remedy for children. Twenty-five cents a bottle.

ROCKVILLE.

On the 7th inst. Wm. Dickerson became engaged with his sister, and commenced beating her. His brother Eddie heard the noise and ran in and interfered. William drew a pistol and shot Eddie, killing him instantly. A small boy and girl were present. The parents of the boys were away at the time. The news spread rapidly and the neighbors gathered in. The murderer was allowed to walk away. Squire Bowling, formerly a constable of Boyd, and a member of the long-eared stock known in this county as the mules, together with a few others, followed the murderer all night and the next day by the help of a few others of the same order a trap was set, and the young murderer stepped into it. He was tried before Squires Bowling and Turman.

Our school here is progressing finely.

Considerable sickness here. Geo. Rickman has removed to Big Blaine, and Cob Lockwood to Savage Branch. Mr. Stephens, a blacksmith, removed from Ashland to this place.

The talk is that one of our widowers will soon move to the state of matrimony.

Miss Emma Hatten will go to Normal school next week.

Mrs. Noah Reynolds' clothing caught fire recently and she was severely, perhaps fatally, burned. A quilt on which a small child was seated caught fire and was burned to within a few inches of the child.

MULE.
